- (A) This SPI is not applicable for Interplant shipments. Packaging and marking for interplant shipment is for supplies and materials that do not directly enter the military supply system. Typical interplant shipments are shipments from a vendor to a subcontractor or a prime contractor, or between contractors and subcontractors, or from a vendor or contractor to a military arsenal, plant, or other activity for evaluation, immediate use, or further processing as specified in the applicable contract.
- **(B)** Unit of issue is package, consisting of five each couplings per unit pack bag. Unit Pack Quantity is one package.
- (C) Place five couplings side by side into specified bag (step 1) and close (step 2).
